

SINGLE-SIDED A-FRAME RACK

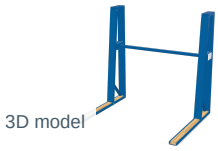

Heavy-duty slab A-frame · one deep storage face · 22,000 lb (10 t)

PRODUCT OVERVIEW

Two frames and a removable crossbar make one 31.5 in (800 mm) deep storage face, for a wall or an aisle reached from one side. Slabs stand on wood inserts in the channel-steel feet. Powder coated in Next Level blue and shipped knocked down.

With a 137 × 78 in slab

Empty frame

22,000 lb	31.5 in	58.5 in	121 lb
factory rating (10 t)	storage depth (800 mm)	frame height (1,485 mm)	self weight (55 kg)

KEY FEATURES

Wood under the slab edge

The channel-steel feet carry wood inserts, so slabs stand on wood. Replace an insert when it wears.

One deep face

31.5 in (800 mm) of storage depth on one side: against a wall or along a one-sided aisle.

Knocked down

Ships flat in a carton and bolts together on site; the crossbar lifts out.

Plan for the slab

With a 137 × 78 in slab the rack is 137 in (3,480 mm) long and 79.4 in (2,017 mm) high, as in the 3D model.

Next Level blue

Powder coated RAL 5017 blue, the same as every Next Level A-frame.

Tall slabs

Takes slabs from 55 to 87 in (1,400–2,200 mm) high (factory).

IDEAL APPLICATIONS

- Storage along a wall or a one-sided aisle.
- Several slabs on one deep face.
- Staging next to a machine.
- Showroom display of full slabs.

DOUBLE OR SINGLE?

Choose the single-sided rack for one deep face against a wall, the double-sided rack for access from both sides.

DETAILS AND SPECIFICATIONS

Single-Sided A-Frame Rack · technical data

RACK

Length × width × height	59.1 × 47.0 × 58.5 in (1,500 × 1,195 × 1,485 mm)

Before you order: Approach from the storage side, keep the floor level and lean slabs fully onto the frames, heaviest first. Factory data, 2026 (proforma invoice, drawings, data sheets and quotations). Capacities are the factory's ratings for the product itself; your floor, lifting equipment and loading method must suit the load. U.S. values first, metric in brackets; added conversions are approximate. Specifications are subject to change without notice.
