MATERIAL HANDLING & STORAGE

TECHNICAL SPECIFICATION SHEET

10′ ROUND-POST REMNANT RACK

Galvanized remnant rack · 30 round posts, 36 in · rubber on the base

Two 10 ft galvanized base rails with 15 post holes each and 30 round posts, 36 in high, keep remnants and offcuts standing, visible and sorted by material, color or job.

Design shown: factory rack with 20 posts. Next Level rack: 30 posts, 15 per rail

30	36 in	15	10 ft
Round posts	Post height	Holes per rail	Galvanized base rails

- **Rubber on the base**
  Pieces stand on rubber, not steel, so edges and polished faces do not chip.
- **Hot-dip galvanized**
  Rails and posts are galvanized for the yard and wet shops.
- **Next to the saw**
  Rack offcuts beside the saw or CNC as they are cut, ready for the next small job.
- **A post in every hole**
  15 holes per rail and 30 posts: lean each piece onto the post that suits its size.
- **Sort the way you quote**
  Give each section a material or color; small jobs get quoted from what is on the rack.
- **Two remnant racks**
  Pair it with the square-post rack: square posts for big pieces, round posts for many small ones.

RACK	
Base	2 rails, 10 ft, 15 post holes each
Posts	30 round posts, 36 in high
Stone contact	Rubber on the base

RACK (CONT.)	
Finish	Hot-dip galvanized
RATING	
Rated load, weight	On request

INCLUDED AS STANDARD

- 2 galvanized base rails, 15 holes each
- 30 round posts, 36 in
- Rubber on the base

APPLICATIONS Remnants and offcuts sorted by material or color; pieces kept upright for quoting small jobs; next to the saw or CNC; yard or warehouse.

Factory data, 2026 (proforma invoice, drawings, data sheets and quotations). Capacities are the factory's ratings for the product itself; your floor, lifting equipment and loading method must suit the load. U.S. values first, metric in brackets; added conversions are approximate. Specifications are subject to change without notice. Photographs: the factory's rack of this design, shown with 20 posts as an illustration of the design; the Next Level rack has 30 posts of 36 in, one in each of the 15 holes per rail. Images may show optional equipment. Document date: Nov 2026. Next Level Enterprises · www.nextlevel.plus · +1 941-900-3018 · sales@nextlevel.plus
